## TACTICAL

### Hostage Rescue

This class will cover in depth all of the problems associated with hostage rescue. We will provide you with the skills, tactics and methods for training to make your mission as successful as possible. This class will cover:

- Mission planning
- Hasty assaults
- Deliberate assaults
- Breaching Methods
- Vehicle Assaults (Small cars & vans)
- Case studies and practical exercises.

Students are required to bring all of their tactical gear for hands-on application. This is not a course in the classroom; you will plan and execute several hostage rescues during the three day course at different sites. This course will use FX™ marking cartridges or Airsoft weapons to increase realism.
